LIVE LOCAL TOPICS.

—Base ball to-morrow.
—Part No. 7 of "America's Greatest Men and Women" is now ready for delivery at this office.

—Murray Hills vs. Asylum to-morrow. Game called at 2:30 o'clock.
—The lecture preparatory at the First Congregational Church will be given to-night at 7:30 o'clock.

—The closing production of the season, "Eight Bells," at the Casino, to-morrow night.

—Pennsylvania papers say that New Hope, in Bucks county, is suffering from an "epidemic of twins."

—A total of 917,000 shad fry were placed in the Delaware River, near Port Jervis, during the month of May.

—The Murray Hills are very strong this season. Some very close scores made by them have been published in the New York papers.

—"Eight Bells" at the Casino, to-morrow night, promises to be one of the best attractions that has ever visited Middletown.

—The "Festival of Holidays" at St. Paul's Church, last evening, was a decided success. It will be repeated this evening.

—The damage done to the tobacco crop of Southern New York and Northern Pennsylvania by the recent storm is estimated at not less than \$500,000.

—A white robin which for several years has been one of the sights on Oakland avenue, Warwick, has returned and has nested in the trees in front of Mr. Thomas Welling's.

—The Junior Union's entertainment at the First Baptist Church, last evening, was a decided success and a neat sum was added to the singing book fund of the union.

—A flat car loaded with charcoal and a box car were destroyed by fire at Keary's switch, on the O. and W., Sunday morning. A spark from a passing engine is supposed to have ignited the charcoal.

PERSONAL.

—Mrs. J. F. Outwell went to Brooklyn, this morning, to visit friends.

—Miss Lizzie Gerhardt and Miss Amelia Potette, of Yonkers, are visiting relatives and friends in this city.

—The Hapcoed Herald says that Miss Louise Taylor, of that village, is visiting at the home of Mrs. W. W. Taylor in this city.

—Mr. Robert Compton, the Erie engineer, who was badly injured at West End, some time ago, is again able to be about, and with his wife, is visiting his uncle, Mr. R. F. Compton, in this city.

—Mayor Stansbury, of Middletown, N. Y., who was one of our city's honored guests, yesterday, is a nephew of the late Hon. E. A. Stansbury, who resided at Haledon, and was one of the representatives of this county in the Assembly in 1867. Mayor Stansbury often visited here during the time of his uncle.—Paterson Press.

—Miss Tillie Robshaw went to Newark, to-day, to act as bridesmaid at the wedding of her brother, Mr. Dixon Robshaw, who will be married at 2 p. m., to-morrow, to Miss Mamie Thompson, at the home of the bride in Newark. After the wedding Mr. Robshaw and his bride will visit Middletown.

—Mr. Irwin H. Boyd, of this city, who will graduate, next week, from the Medical Department of the University of Pennsylvania, has been appointed assistant physician at the Philadelphia Dispensary. Over 20,000 patients were treated at the dispensary, last year, so that the appointment will afford Mr. Boyd most excellent training for general practice, and is in some respects more desirable than a hospital appointment.

Killed by a Newburgh Branch Train.
Daniel Cole, a bachelor, aged sixty-five years, was struck and killed by a train at Shay's crossing near Vail's Gate on the Newburgh branch of the Erie. He was sitting just outside the rail, and as he was partially deaf it is supposed did not hear the train.

World's Columbian Exposition
Was of great value to the world by illustrating the improvements in the mechanical arts and eminent physicians will tell you that the progress in medicinal agents has been of equal importance, and as a strengthening laxative that Syrup of Figs is far in advance of all others.

CHARGED WITH HORSE THEFT.

Charles Lewis Driver of a Goshen Man's Bill and is Captured After a Long Chase.

Last evening, a Goshen man who had driven to this city, sent Charles Lewis, a colored man from Denton, to the hotel where he had left his rig with an order for its delivery, and waited for Lewis to return, but "he never came back," and the Goshen gentleman had to stay at a hotel all night.

This morning, however, he met Lewis driving the rig on North street, and when he approached Lewis jumped from the wagon and ran away.

A warrant had already been sworn out for Lewis' arrest and about 11 o'clock, Officer Tyrell saw him and started to arrest him. Lewis took to his heels and so did the officer. The chase led him down Orchard street to Main, to Robert, to Cottage, to Railroad avenue, to Montgomery street and to Ogden street, where the coon was captured, notwithstanding the fact that he had pulled off his shoes early in the chase.

Lewis is now in the lockup.

A BOY BURGLAR.

He Repeatedly Enters a Store and Mobs the Cash Drawer.

Andrew M. Leatham, a Newburgh boy, has been arrested for robbing his former employer, S. J. Leslie. Mr. Leslie noticed some time ago that his cash register usually called for more money than there was in the drawer. He suspected the boy and marked the bills in the register. Next morning they were gone. The boy was arrested and a marked bill was found in his possession, but he was allowed to go. An officer was then put on watch in the store and Wednesday morning saw the boy take a key from his pocket, unlock the store door and help himself.

Leatham was arrested and will be held for the Grand Jury. It is estimated that his stealings amounted to nearly fifty dollars.

ELECTRIC RAILWAY MATTERS.

six Powerful Motors for the Goshen Line—The Academy Avenue Track to Be Laid at Once—A Detailer for the North street Crossing.

The Electric Railway Company, this morning, received a consignment of six motors for use on the line to Goshen. The cars for this line will have a double set of trucks, and require more powerful motors than those in use on the city cars in order to make the speed that is desired. The cars will be shipped soon, and will be in readiness for use by the time the track is laid.

The rails for three and one-half miles of track have been shipped from Scranton, and when they are received the laying of a track through Academy avenue to Goshen street will be commenced, and work on the line to Midway Park will be pushed forward as rapidly as possible. Just how the company expects to get out of town they have not given out, but that they will get out some way in spite of the opposition of a few people, no one who knows the officers of the company will doubt.

A derailing device has also been received, which will be put in at the North street crossing. This will give the man in the tower the power, if occasion requires, to derail the electric cars and prevent them going upon the crossing. This will give four protective features at this crossing: the derailer, the gates, the Erie block system and the conductor of the electric car, who is required to go ahead and see that the tracks are clear before the car can cross the Erie road. With such protection an accident would seem almost impossible.

Prizes for Warrill Academy's Graduating Class.

Dr. Talcott has generously offered prizes of the value of \$30 to the members of the graduating class of Wallkill Academy. The prizes, each of the value of \$10, will be given one to the young lady and the other to the young gentleman with the best scholarship records.

It has not yet been decided whether the prizes will be cash or medals. It is probable that Dr. Talcott will offer similar prizes to subsequent classes.

The Price of Milk Reduced.

The Milk Exchange has reduced the price of milk from two cents to one and three-quarter cents a quart, beginning from June 1st.

Milk is said to be in very abundant supply and in very light demand while the low price of butter and a weakening tendency in the price of cheese are advanced as further reasons for cutting the price.

The Twenty-fourth's Drill Season.

Captain McIntyre made the announcement, Wednesday evening, that the drill season would probably close next Tuesday evening, but that there would possibly be one or two drills prior to the trip to State camp.

Rheumatism Cured in a Day.

"Mytic Cure" for Rheumatism and Neuralgia radically cures in one to three days. Its action upon the system is remarkable and mysterious. It removes at once the cause, and the disease immediately disappears. The first dose greatly benefits. Seventy-five cents. Sold by J. E. Mills, druggist, Middletown.

A VISIT TO LAKE MOHONK.

Members of the Travelers' Club and Their Friends Enjoy a Pleasant Outing.

The Travelers' Club, which has been doing foreign lands all winter in a very pleasant and instructive way, decided to close the season with a little real traveling and planned a trip to Lake Mohonk, for Memorial Day. The members kindly invited some of their friends to accompany them on their little outing and the result was that a party of thirty-one persons left this city for Lake Mohonk, Tuesday afternoon.

The party was made up as follows: Mr. and Mrs. Vanamee, Mr. and Mrs. Henderson, Mrs. Mills, Miss Flora Horton, Mr. and Mrs. King, of Orange, N. J., Miss Carrie Horton, Mrs. Decker, Mrs. Clark, Mrs. Davis, Mr. and Mrs. Royce, Miss Royce, Mrs. Adams, Miss Beattie, Mr. and Mrs. Miller, Mr. and Mrs. Rogers, Mr. and Mrs. C. L. Merrill, Mrs. Beers, Mr. and Mrs. J. W. Gott, of Goshen; Mr. and Mrs. Slawson, Mr. John H. King, Mr. F. V. Congleton, Mr. Geo. H. Thompson.

Mr. and Mrs. Royce, Mrs. Adams and Miss Royce drove to the Lake, leaving here, Tuesday afternoon, and returning, yesterday, by way of Ellenville. The rest of the party had arranged to go by the day express on the Ontario and Western to Campbell Hall and thence via the Walkkill Valley to New Paltz, but the regular train being late, a special was kindly made up for their accommodation by the O. and W. officials here and run on the schedule of the regular train.

There are few more charming places than Lake Mohonk at which to spend a day, a week or a month and the Middletown party climbed to Sky Top and Eagle Cliff, drove to Guyot Hill and other points of interest, rowed on the Lake and enjoyed every hour of their stay. It was warm and pleasant even on the highest points, Wednesday, and though a shower and fog, early yesterday morning, interfered with some plans for further sight seeing the clouds lifted so that the ride down the mountain was a delight.

The party reached home, via the O. and W., at 8 o'clock, a little tired, perhaps, for a great deal had been crowded into two days, but all agreed that the little outing had been a great success, that would always be remembered with pleasure.

A BIRTHDAY PARTY.

Mr. and Mrs. J. H. Mills, surprised by Friends.

About thirty of the friends and relatives of Mr. and Mrs. J. H. Mills, yesterday afternoon, at their home on Wickham avenue.

Mr. and Mrs. Mills' birthday party was very near together, Tuesday being Mr. Mills' birthday and Thursday Mrs. Mills' birthday. The excellent committee in charge managed the whole affair so successfully that it was a complete surprise to the aged couple, they not even surmising such a thing until after the guests had begun to gather.

All present had a very enjoyable and old-fashioned time. During the evening several fine piano and violin selections were rendered, after which all joined in singing several of the gospel hymns, led by Mr. Cromwell. A fine supper was served at 8 o'clock, and it was a late hour before all the guests had departed, wishing Mr. and Mrs. Mills happy returns of the day.

IN THE RAILROAD WORLD.

If all employees were as considerate as those in the railroad shops at Milwaukee, strikes would be few and far between these hard times. After working eight hours a day for five days a week for some weeks, the men were asked to decide by vote whether twenty per cent of the force would be discharged, so that the remainder could work full time, or the old method should be continued. The result was that eighty per cent of the men gave up a day's work so that all could fare equally. They voted to continue the whole force on short time.

The Erie has commenced burning bituminous coal on its class "I" engines on the Western Division. The Erie company owns one of the most extensive anthracite coal regions in the country and it would be a hard matter to stop the wheels of traffic on the Erie, for want of bituminous coal, as most of their engines are equipped to burn hard coal, which, owing to the fact that they mine this coal themselves, can be done at a nominal expense. The fact that a great many railroads have not access to anthracite mines, will necessitate a great expenditure on their part for mining and transportation of this class of coal if it becomes necessary for them to resort to it.—Hornellville Times.

Dr. J. J. Potter, 127 Broadway.
Dear Sir: You can imagine my great satisfaction in being so completely cured of my rheumatism after suffering with it for thirty-eight years. I have been examined by many eminent doctors and had their treatment tested, but grew worse every year. By chance I came into your care, and after a sound massage I feel truly grateful to you, and cheerfully recommend your treatment.

AT THE COUNTY SEAT.

INCIDENTS AND HAPPENINGS IN GOSHEM.

Liberal Forces for a Fourth of July Meeting on the Driving Park—A Single near Change.

From our regular correspondent.

—The managers of the Goshen Driving Park Association will hold a meeting, July 4th. They make the liberal offer of \$1,000 in purses for three races, probably for 3:00, 2:30 and 2:37 horses. For the latter \$500 will be hung up, which should bring out a good field of starters.

—Levy, the stationer, assumed control, to-day, of T. E. Grier's news business, thereby adding many customers to his already large list.

SLOATSBURGH.

A Pleasant Social—A Memorial Sermon Base Ball—Death from Scarlet Fever—A Beautiful Cemetery—The Parsonage Sold and a New One Contracted for—Other Items of Interest.

Correspondence Items and Miscellany.

—A very pleasant social was held at the home of Mr. Matthew Waldron. The evening was spent with singing, games and refreshments.

—Rev. R. Kikethan, pastor of the M. E. Church, preached a very interesting and appropriate sermon on Sunday morning to the G. A. R., who attended in a body. The church was very prettily trimmed with flags and flowers, and the choir favored them with some very fine singing.

—Miss Dowe, of New York city, has rented the Sloat mansion, which is filled with fresh air children. Each child stays two weeks. Mr. Cutting, of Tuxedo, bears all expenses.

—A game of base ball was played here on Decoration Day between a picked nine of Hillburn and the Sloatsburgh nine. The game resulted in favor of Hillburn in a score of 14 to 13.

—Miss Lida Waldron is visiting at the home of Mr. and Mrs. George Knapp, one of our former school teachers, at Haverstraw.

—Johnnie, the little six-year-old son of Mr. and Mrs. William Miller, of Ramapo, died on Friday of last week with scarlet fever. He was a very bright and interesting little fellow and his parents, who are heart broken over their losses, have the sympathy of the entire community.

—Our cemetery is looking beautiful. It was thronged Wednesday afternoon to welcome the old soldiers. The trustees have been having some very much needed work done here, and it is now a credit instead of a disgrace to the place as it has been heretofore.

—Mr. H. R. Sloat is now occupying his new summer cottage.

—Mr. Vanderbilt Waldron has his store well stocked and is doing a fine business.

—Mr. J. A. Bescraft has a beautiful new house and lot for rent or sale.

—Bernard and Harvey Call, of Cornwall-on-the-Hudson, who have been visiting at the home of their uncle, Mr. N. Rose, returned home Thursday.

—Mrs. W. E. Walker and children, of New York city, are visiting at the home of Mr. E. F. Allen.

—The old M. E. parsonage was sold at auction, Monday afternoon. It was sold in two parts, R. McCreedy buying the front and M. Brooks the back part for the trustees.

—Chas. Gregory has the contract for building the new parsonage, his being the lowest figures which were \$2,100. He is to begin work immediately.

—The sewing society will meet at Mrs. H. Knapp's, this week.

—Rev. R. Kikethan and family are very pleasantly situated in Mr. E. T. Clark's house until the new parsonage is completed.

Real Estate Notes.

—The Charles Mulliner firm on the road from Montgomery to Goodwill Church was sold at foreclosure sale, last week, for \$3,200, to John A. Conroy. The bidding was brisk. The farm contains only sixty-nine acres and the price, about \$17 an acre, is better than has been obtained for farms at many recent sales.

The New Schedule of Water Rates.

Under the new schedule of water rates, closets and urinals not provided with self-closing valves are charged \$5 for each one. In case owners of property change such closets and urinals to self-closing valves the Water Commissioners will allow a rebate on the same for the time such change has been made to the next semi-annual rent day.

The Water Commissioners Office will be open Tuesday and Thursday evenings, from 7 until 8 o'clock, until June 9th, 1894, to accommodate those who cannot attend to the payment of their taxes during regular office hours.

Another Verdict Against the O. and W.

A suit for \$5,000 damages for the death of Edward Redington, an O. and W. brakeman who was killed at Livingston Manor, on July 13, 1892, was tried at Monticello, yesterday. The jury rendered a verdict for plaintiff of \$2,000 with five per cent. allowance.
